ABOUT US

OUR MISSION AND VISION

This group is creating a new sound for string players by pioneering electronic effects on violins, violas and cellos, innovating alternate tunings with new strings, and incorporating drums and percussion.

Reignite is a band that has a passion to inspire people through music to be more creative and have the drive to pursue a passion of their own.

More About Us

Nashville, Tennessee brought these musicians together with the idea of playing classical instruments in a contemporary way. After all of the string players played in Belmont University's Jazz String Quartet under Tracy Silverman (Turtle Island String Quartet), they decided to add electronics and the best drummer they could find.

The idea of Reignite began while Tim Kampen and Kayleigh Moyer were on a world tour with an instrumental commercial string group. After the tour ended, Tim began to recruit colleagues from the commercial string program at Belmont and put together a band of electric string players.

The Band:

Cellola/5 String Cello
Drums/Percussion
Electric Violin
Fiddle
5-String Violin

Tim Kampen
Kayleigh Moyer
Samuel Brock
Tim Hayes
Deena Rizkalla
